I don't know about Utah. I know I can't take it here anymore. Maybe I can email you. I can't even flush the damn toilet myself for like 5 damn months. I've been trying to have some agreement on fixing it for over a year. That is what it's like being trapped with a narcissist your whole life.

Joseph Smith, MKULTRA/Artichoke/Monarch/CIA, English Government, Bringham Young. Flower of Life pt 23 Mormon Flower These places are all for other Military Controlled zones. The Mormons also killed other Mormons esp during the Joseph Smith Banking Scam.

It is a very large part of secret societies to move people off of the grid such as Peoples Temple.

UT is Primarily Mormonism, MKULTRA/Artichoke/Monarch, same with New Hampshire.

The EMFs fry the third eye, you see birds loopy and insane from all the AM band noise.

Those are monopoly cult zones, The TV, The Radio, The ISPs, New Hampshire/OR/UT.

The two mold zones where people acted literally insane were west Seattle because of Grave Yard disposal, then Hillsborogh Oregon because of the wierd mold, Tacoma has it too.

Mormons have heavy ties to Project MKULTRA/Artichoke. People have documented it on YouTube as well, There are Military Controlled Regions that are all over USA. If you see those inbred retarded dysgenic Millitary Goons run, they have cognitive dissonance, are under mind control, do not like the outsider, those places have tennants and landlords and that is always always bad news, other HOAs at least have rights and let you in the basement, cult zone, ISP monopoly, just like New Hampshire, They are using weird mold in Hillsborough Oregon also.

The Russian woodpecker was once 9 Hz in Oregon State and did real nausea

mind control.

Was it oakland or oakville WA that rained gelatinous goo when police arrived to the area?

They have made it rain orange dust in many parts of California, Missouri is to get cancer.

1st FEMA/DHS is running the stalkers - Nationwide.

2nd Utah - home to the largest database for NSA personal information on Citizens of the United States.

The stalkers are "networked" and coordinated. Using a autonomous computerized weapons system to "manage" the People & the attacks.
